

SAP SYSTEMS TRAINING

SAP TM: Transportation Management

5 day course

Classroom, online or in-house

Course overview

Transportation management in the system plans and settles freight against orders that originate elsewhere, so a configuration error surfaces as an unbillable shipment rather than as an error message. This course covers working with it. Delegates work through the organisational structure and master data including locations, lanes and resources, order and requirement integration from sales and purchasing, and freight unit building. Planning and optimisation are covered, including manual intervention when the optimiser produces something unusable. Carrier selection and tendering follow. Execution, event tracking and delivery confirmation are addressed. The course closes on freight settlement, charge calculation and the reconciliation against a carrier invoice.

What you will learn

- Set up organisational structure and transportation master data
- Integrate orders and requirements from sales and purchasing
- Build freight units and understand how they aggregate
- Run planning and optimisation, and intervene when needed
- Select and tender to carriers within the system
- Track execution events and confirm delivery
- Calculate charges, settle freight and reconcile a carrier invoice

Who should attend

- Transportation and logistics planners
- SAP key users in logistics
- Freight settlement and finance staff
- Supply chain analysts
- Project team members implementing the module

Course outline

- 01 Errors that surface as unbillable shipments
- 02 Organisational structure and master data
- 03 Locations, lanes and resources
- 04 Order and requirement integration
- 05 Freight unit building
- 06 Planning, optimisation and manual intervention
- 07 Carrier selection and tendering
- 08 Execution tracking, settlement and invoice reconciliation

Upcoming dates

Dates	Venue	Format	Fee per delegate
28 September to 2 October 2026	Kampala, Uganda	Classroom	USD 1,325
8 to 12 February 2027	Online	Online	R8,500
15 to 19 March 2027	Durban, South Africa	Classroom	R19,950

Fees and how to register

This 5 day course is **R8,500** per delegate online, **R19,950** in the classroom in South Africa, Botswana, Namibia,

Lesotho and Eswatini, and **USD 1,325** in the classroom elsewhere in Africa. In-house training is quotation on request. Book 2 or more delegates on this course and save 10%.
